Murray County Government Disposal of Surplus Inventory

The following items of county property have been determined to be unserviceable and/or no longer cost effective for the county to operate or maintain. As a result, these items have been declared surplus inventory by the Murray County Commissioner. Therefore, the Commissioner has directed the county's Financial Officer to dispose of these items to the highest bidder in the setting that would achieve the greatest financial benefit for the county, and that those proceeds be returned to the county's General Fund. In the event that no bids are received, or if the item is in such a state of disrepair that storage and handling would exceed any possible bid proceeds, then the item would be sold for salvage value or disposed of as waste.
