

Murray County Environmental Health

MURRAY COUNTY ENVIRONMENTAL HEALTH DEPARTMENT **POLICY REGARDING UTILIZATION OF EXISTING ON-SITE** **SEWAGE MANAGEMENT SYSTEMS**

Effective July 15, 2006

THE FOLLOWING POLICIES APPLY TO ANYONE WHO WILL BE EXCHANGING MOBILE HOMES, BUILDING A HOUSE OR MAKING ADDITIONS TO A HOUSE OR MOBILE HOME WHERE THE INTENTIONS ARE TO UTILIZE THE EXISTING ON-SITE SEWAGE MANAGEMENT SYSTEM:

- **ALL** Existing on-site sewage management systems 10 years old or older will need an existing system evaluation to be done by this department when a building permit is required.
- **ANY** system that this department does not have an inspection record on file for will require an existing system evaluation.
- **ANY** home additions that would create a need for increase in septic system capacity shall require an addition permit.
- **ANY** septic system additions that will be required shall be completed and inspected by this department before we can sign off on the application for issuance of a building permit.
