RE: TERMINATION of Fire/Burn Ban

The fall months of the year pose a higher fire threat with the ground being blanketed with fallen leaves. However, the rainfall and higher humidity levels in recent days have been sufficient to help alleviate some of the extremely dry conditions that made it necessary to enact a Fire/Burn Ban on all unincorporated areas within Murray County, Georgia on 11/7/2023.

At the suggestion of Murray County Fire/EMA Director, Dewayne Bain, and with the support of Georgia Environmental and Forestry Divisions, I feel the immediate threat of injury to people and damage to property within Murray County, Georgia is significantly lessened therefore I am terminating the Fire/Burn Ban. The Termination of the Fire/Burn Ban in all unincorporated areas within Murray Count, Georgia is effective this 5th (Fifth) day of December 2023.

SO DESIGNATED, this 5th (Fifth) day of December 2023.

Greg Hogan
Sole Commissioner
Murray County, Georgia

Tina Davis
County Clerk
Murray County, Georgia
